—A late Iowa paper the Des Moines Leader, furnished us by a friend, contains the following paragraph in relation to the election:

"The only new epigram contributed by Mr. Dolliver during the campaign was that, 'Iowa will go Democratic when hell goes Methodist.' Well, Mr. Dolliver, we have heard from Iowa. Have you heard from the other place?"

—The Democratic jollification last Saturday evening was a fine affair though somewhat marred by bad weather. The attendance was large, many persons being present from Nelsonville and other points. The parade was attractive and unique in mottoes and transparencies, and after it was over, a meeting of Democrats was addressed at the Court House by O. W. H. Wright, V. C. Lowry, W. P. Price, Col. Weldy, Judge Acker and others. Everything passed off nicely and the best of feeling prevailed.

—In many parts of this county, a few months ago, farmers were induced to buy cooking ranges from a certain traveling agent on an offer that they could pay by note, with an explicit verbal understanding that if they were not ready to pay when the note became due, they would be given any time within three years to do so. We learn that in the last few days some of these notes have been presented for payment by a third party, who wholly ignores the private understanding in the matter, and can of course, collect the notes when due.

Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the Great Alternative and Tonic. If you are troubled with any disease of Kidneys, Liver or Stomach, of long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c. and \$1.00 per bottle at F. HARRINGTON'S Drug Store.

High School Entertainment.

The High school entertainment at the Opera House on Tuesday evening was well attended, and was of a high literary character.

The selections were good and all rendered in a manner that did much credit to those participating in the exercises as well as to their instructors.

The performance was as entertaining and much more instructive than the great majority of the shows that visit our town.

These entertainments should be continued at intervals during the school year.

We take this opportunity to announce that by some unaccountable mistake the judges were reported as giving the honors of her class to Miss White instead of to Miss Tracy, when in fact Miss Tracy received the award.

The literary part of the program was as follows:

D. CLASS—"The Cry of the Children," Miss Mary McCray.

"Grant's Strategy," Miss Minnie Palmer.

Recitation by Prof. Gardner of Columbus.

C. CLASS—"Toussaint L' Overture," Miss Ella Pursell.

"Sister and I," Miss Grace Martin.

Recitation, by Prof. Gardner.

B. CLASS—"The Tell Tale Heart," Miss Gertrude Tracy.

"The Two Visions," Miss Anna White.

A. CLASS—"The Fire Worshipers"—Selection from Lulla Rook—Miss Elizabeth C. Blasius.

"Claudius and Cynthia," Miss Clara B. Westenhaver.

Let us have more such entertainments.

The Pulpit and the Stage.

Rev. F. M. Shourt, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well gaining 26 lbs. in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my thousands of friends is to urge them to try it." Free trial bottles at F. HARRINGTON'S Drug Store. Regular sizes 50c and \$1.00.

Tyler after which they were laid away for eternal rest in the cemetery near by. He was about twenty-eight years of age and leaves a young wife and two small children. The funeral procession was headed by the Buckeye band of New Straitsville. Mr. Nixon was a very quiet and well respected man and will be missed very much.

The election Tuesday passed off quietly. The result Campbell 82, Foraker 51 and Helwig 5, was a Democratic gain of 33 compared with Harrison's election. The Democrats are very jubilant over the general result.

Washington Letter.

From our regular correspondent.

Washington, D. C. Nov. 11. President Harrison is still trying to make people, including himself, believe that the recent elections did not mean a disapproval by the people of his administration. The word has been passed to every prominent Republican official that he must argue at all times that as no federal officials were voted for the result of the elections mean nothing as far as the administration is concerned. That is for public consumption. In private, the shirt-sleeve brigade, that is always relied upon to do election work, and which has been snubbed almost until now, is, to speak figuratively, being warmly embraced by President Harrison and promised any number of nice fat appointments if they will only agree to resume business at the old stand. Brother Harrison has waked up to the fact that it is the members of the shirt sleeve brigade that carry elections, and that the carrying of elections is the great end and aim of political parties. It were better for the Democratic party that he had not found out so much.

That Mrs. Cleveland has lost none of the great popularity she enjoyed here when mistress of the White House was fully demonstrated last week, when she and her illustrious husband came to Washington to attend the marriage of Ex-Secretary Bayard. After the marriage Mr. and Mrs. Cleveland drove to the White House and Mrs. Cleveland left her card for Mrs. Harrison, who was out of town, while her husband went inside and paid his respects to President Harrison. It was a graceful and courteous act on the part of the Cleve-

land family. The cry that Foraker was knifed by the Sherman men in Ohio was no news to the regular reader for this plot to "down" Foraker by Sherman and his friends was noted many weeks ago. It was fixed up here in Washington, and unless all signs fail the gentlemen concerned in it have bitten off more than they can chew. Their only desire was to sidetrack Foraker, but the result shows that they have made Ohio a doubtful state for the great contest in 1892, with chances decidedly in favor of the Democrats.

The Republicans here had a big scare lasting several days, over the fate of Senator Allison, of Iowa, whose successor will be elected by the legislature chosen last Tuesday. Allison would leave a big gap on the Republican side of the Senate should he, for any cause, have to go.

It is feared by some Southern Democrats that the Republican defeats last week will have a tendency to encourage the more radical Republican Congressmen to pass an obnoxious federal election law in the hope of gaining enough members of the House in the south at the next Congressional election to effect those they are certain to lose elsewhere. Such a law will never be passed by the next House. There are a number of determined Democrats in the house, that have pledged themselves to filibuster until the expiration of the Fifty first Congress, if such action should become necessary to prevent the passage of an obnoxious federal election law.

The Superintendent of the Census has made a report of what has so far been done, and what is to be done in the future to make the next census a success. He wants the printing of the census reports given out by contract to private parties instead of being done by the Government Printing office as heretofore. If this can be done without making the work a political "job," it would be very desirable, as it would take the Government printing office years to do the work. If the report can not be gotten out faster than they were after the last census was taken they had just as well not be gotten out at all for all the use they will be.

The All American Congress will complete its long excursion the last of the week. Next week it is expected that the Congress will settle down to the business for which it was called—devising some means of increasing the trade between the United States and South and Central America. Just how that can be done under our present high protective is not very plain.

GOOD NEWS. We want every mother to know that croup can be prevented. True croup never appears without a warning. The first symptom is hoarseness, then the child appears to have taken a cold or a cold may have accompanied the hoarseness from the start. After that a peculiar rough cough is developed, which is followed by the croup. The time to act is when the child first becomes hoarse; a few doses of Chamberlain's Cough Remedy would prevent the attack. Even after the rough cough has appeared, the disease may be prevented by using this remedy as directed. The only safe way is to keep a 50 cent bottle of the remedy in the house for use whenever symptoms of the disease appear. For sale by
